CCMG INVITES YOU TO A LECTURE ON

Adaption, Accommodation, Absorption and Appropriation The Four Keys to Growth of Civilisations

By

Sohail Hashmi

About the Lecture

Through a rich set of examples from South Asia, the presentation would seek to illustrate how civilisational elements have travelled across long distances, and the ways in which they have been adapted, modified, absorbed, passed on, and at times returned to their sources, much changed and enriched. The idea is to examine how civilisations grow through inclusion, and that our tendencies for exclusion are essentially uncivilised.

About the Speaker

Sohail Hashmi makes documentary films, conducts heritage walks in Delhi, and writes about Delhi, language, culture and our shared heritage. He is currently involved in making a video series 'Hindustan Ki Kahani' which unpacks the multi-layered history of global cultural exchanges in the making of what we now commonly understand as 'India' and 'Indian'.
