

**Office of the Dean
Faculty of Education, JMI**

Ten-day Refresher / Training Program on "Science, Social Science and Languages" for school teachers of Jamia to be held from 12th May to 21st May, 2014

Faculty of Education, JMI is organizing the second phase of 10-day Refresher / Training programme for Jamia School teachers from 12th May to 21st May, 2014. The Office of the Dean, Faculty of Education has initiated this programme to train the Jamia school teachers, especially Science, Social Science and Language teachers (TGTs and PGTs). The first phase of this programme was successfully organized from 21st December 2013 – 31st December, 2013.

Phase – I of the programme was generic in nature and catered to general issues pertaining to science, social science and language education. The second and last phase will be subject specific. It will be interactive in nature, wherein the participants will be expected to actively participate and contribute to the proceedings in their respective subjects. Hands-on activities will be arranged wherever deemed to be appropriate. The refresher / training programme has been scheduled for summer breaks so that the regular teaching does not suffer.

The programme is aimed at giving the much needed opportunity to the Jamia school teachers for improving and honing their skills in their respective subjects. This is in continuation to the series of capacity building programmes in spoken English which were organized earlier with the objective of enriching the communication competence of teachers.
