

**Celebrating Research: Seminar presentation by Ph.d students of the faculty of Humanities & Languages**

In order to familiarise research students with the broad spectrum of research being carried out in different departments of the Faculty of Humanities and Languages, the Dean's office is organising a seminar to be held on October 5, 2016, in Mir Anees Hall at 10 a.m. Two Ph.d. students from each department, at an advanced stage of their research, will present their work before a panel of experts who will advise them on possible areas of improvement and the steps/methods/approaches that will help their work gain density and substance. It will be an enabling platform to discover the interfaces with and inter-connections between various domains of research within the broad umbrella of Humanities.

The Honourable Vice Chacellor will inaugurate the seminar.
