Abstract

Student name Mamnoon Alam

Under the Supervision Dr. Mohammad Sohrab

**Topic Turkey's Relationship with the Economic Cooperation Organization (ECO):
Emerging patterns and Regional Impact**

Departments MMAJ Academy of International Studies

Keywords: Turkey, Economic, Cooperation , Organization, (ECO):

This is the fundamental right of every human being to experience a peaceful and prestigious life based on justice, equality ,liberty , freedom of thoughts and expressions ,happiness and goodwill ,that is required for the survival of human existence. A disregard for the essential human values will undermine our faith in humanity, the blame for which ,the citizens of this world will have to bear .this world cannot be truly civilized and developed until all of its citizens coexist in a peaceful environment.

My topic

Turkey Relationship with the Economic Cooperation Organization (ECO): Emerging Patterns and Regional Impact.

My Thesis has seven chapters including conclusion.

Chapter 1st- introduction

Chapteer2nd- evolution of the economic cooperation organization

Chapter3rd- Turkey and economic cooperation organization

Chapter4th- geo-strategic and geo-economic cooperation

Chapter5th- dynamics of cooperation among the ECO countries

Chapter6th- patterns and trends of cooperation and future projection

Chapter7th – conclusion

Hypothesis

Turkey plays an eminent role in the ECO member countries

The Globalization has greatly intensified the interdependency among the ECO countries

The ECO has introduced new geopolitical dynamics in the region

Great powers interventions in the region have implications for the ECO
