Comprehensive Curriculum:

Explore the fundamentals of archival preservation and conservation techniques, learn the intricacies of archives management, latest digitization technologies and study the ethical and legal considerations in preserving archival records.

Hands-On Experience

Gain practical skills through expert-led workshops, seminars, and field trips to renowned libraries and archives. Through a combination of theoretical knowledge and hands-on experience, you will learn how to safeguard delicate manuscripts, restore aging documents, and digitize historical records for wider access.

Innovative Technology

Use state-of-the-art scanner and software to digitize and preserve archival heritage, ensuring their accessibility for posterity.

Expert Faculty

Learn from leading professionals and experts in the fields of archives management, library science, and digital curation, who are dedicated to guide you.

Job Opportunities

- ✓ Get equipped with the technical skills to preserve and digitize archival heritage, aligned with NEP 2020 - Join Now
- ✓ Industry relevant skills to enhance employability in archives, libraries, museums, and research institutions
- ✓ Aligned with NEP 2020 - Promoting skill based education for professional growth.
- ✓ With India's increasing focus on heritage conservation and digital preservation, the demand for professionals in this field is growing. Government funding and international collaborations (like UNESCO projects) further enhance job opportunities.
- ✓ The Gyan Bharatam Mission, an initiative of the Government of India aimed at conserving the country's vast manuscript heritage estimated at over one crore manuscripts housed in academic institutions, museums, libraries, and private collections will generate significant employment opportunities in fields such as archival science, conservation, digitization, research, cataloguing, translation, and heritage management.
